

Our World and the 3168

In Psalm 19:1-6 it is written:

" The heavens declare the glory of God; and the firmament showeth his handywork.
Day unto day uttereth speech, and night unto night showeth knowledge.
There is no speech nor language, where their voice is not heard.
Their line is gone out through all the earth, and their words to the end of the world. In
them hath he set a tabernacle for the sun,
Which is as a bridegroom coming out of his chamber, and rejoiceth as a strong man to
run a race.
His going forth is from the end of the heaven, and his circuit unto the ends of it: and there
is nothing hid from the heat thereof."

The word translated as "line" in verse 4 is the Hebrew word "KAV" and means a cord (as connecting), **especially for measuring**; figuratively a RULE;

In Job 38:4-6 it is written: Where wast thou when I laid the foundations of the earth?
declare, if thou hast understanding. Who hath laid the measures thereof, if thou knowest?
or who hath stretched the line upon it? Whereupon are the foundations thereof fastened?
or who laid the corner stone thereof;

The Hebrew word translated "measures" in verse 5 is "May-mad", it means measure, but it comes from the root word "Maw-dad" which means properly to stretch; by implication to measure (as if by stretching a line); figuratively to be extended:—measure, mete, stretch self.

The Hebrew and the Greek languages are "dual character systems", that is, each letter has a numerical value. This is called "Gematria". We have all heard of the famous "Bible codes" and you may or may not have formed an opinion as to the validity of these codes. However, The Word of God has incorporated into it, an astounding numerical system, and like anything made from a plan, shows intricate design, which of course, implies by necessity, a designer. Of course we were duly informed of **EXACTLY WHO** this designer is in the very first seven words of scripture.

בראשית ברא אלהים את השמים ואת הארץ:
.earth the and heavens the God created beginning the In

Where is all this going you may ask.?

Lets look at some measurements for our earth

Our Earth has a mean diameter of 7920 miles So lets do some math.

If we were to draw a square box around the Earth, touching all four sides the perimeter of that box would total 4 X's 7920 = **31680** miles. Dropping the zero we get **3168**. What is so special about this number **3168**? It is the Gematria of this:

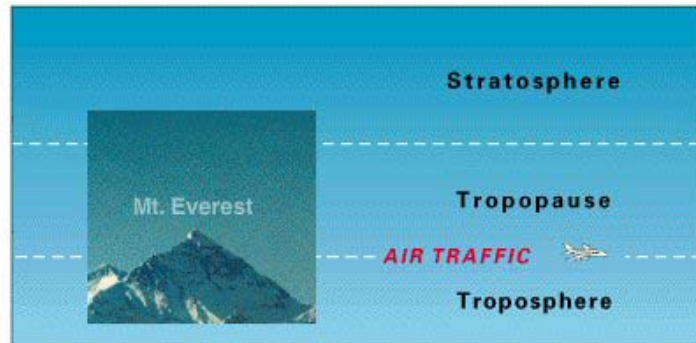

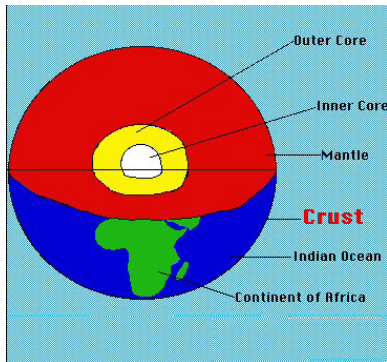

Lord Jesus Christ **Κυριος Ιησους Χριστος** Kurios Ihsous Christos
And this:

The Mediator between God and men [I Tim 2.5] **Μεσιτης Θεου και ανθρωπων**
Mesites Theou kai anthropos

And this:

And that every tongue should confess that **Jesus Christ is Lord**, to the glory of God the Father. Philippians 2.11

Coincidence you might say? **NOT HARDLY**. There is **SO MUCH** more!

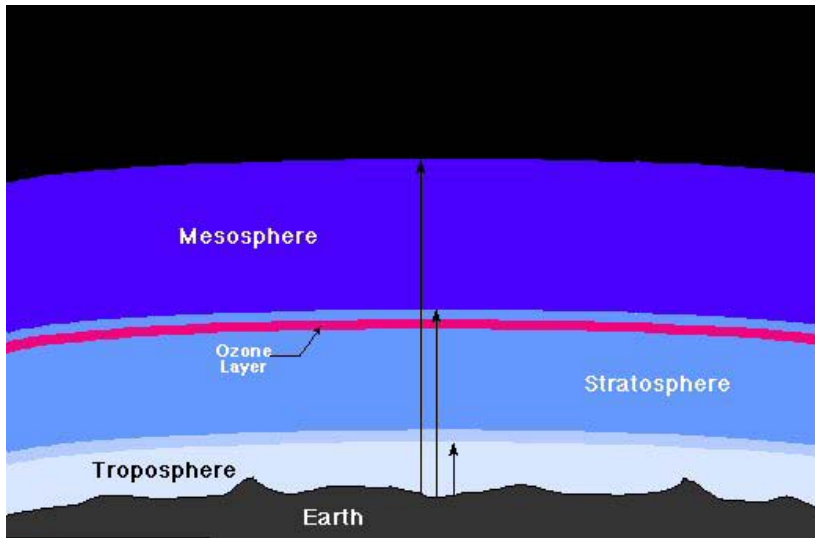

The Earth, as stated above, has a mean diameter of 7,920 miles. The Earth is surrounded by an oxygen rich atmosphere that extends in three layers, to a distance of 50 miles above the Earth. The crust of the Earth is an average of 10 miles thick. Below that is molten lava. Man's world is limited to the crust and atmosphere surrounding it. The total of the Earth's crust (10 miles) and the Earth's atmosphere (50 miles) totals 60 miles.

So what you might say.

If we convert the 60 miles to feet 60 X 5280 = 316,800 feet) [dropping the zeros] we find in the answer, the name of the creator of heaven and Earth. "Lord Jesus Christ" in the Greek text adds to **3168** Lord Jesus Christ **Κυριος Ιησους Χριστος**
Kurios Ihsous Christos

A prophetic note: Revelation 16:8,9 records this:

⁸And the fourth angel poured out his vial upon the sun; and power was given unto him to scorch men with fire. ⁹And men were scorched with great heat, and blasphemed the name of God, which hath power over these plagues: and they repented not to give him glory.

The Earth's ozone layer protects all life from the sun's harmful radiation, but human activities have damaged this shield. Less protection from ultraviolet light will, over time, lead to higher skin cancer and cataract rates and crop damage. The more damage, the greater the consequences.

Let him who has ears hear and heed the warning.

But you say, the sun is so far away, how can it hurt me?

Our sun is a mean distance away from us of 93 million miles. Mean distance because the Earth's orbit around the sun is elliptical. If we convert the 93 million miles to inches and divide by the speed of light, which is 186,000 miles per second, the answer is, again the one who created it all, 3168. Let's look. We dropped all the zero's for simplicity.

$$93 \times 5280 = 49,104 \text{ feet}$$

$$49,104 \times 12 = 589,248 \text{ inches}$$

$$589,248 \text{ divided by } 186 = \mathbf{3186} \text{ or } \mathbf{LORD \text{ JESUS } CHRIST}$$

Κυριος Ιησους Χριστος Kurios Ihsous Christos

The circumference of the Earth is 24,881.392 miles. Taking the inches from the above computation 589248 and divide by the circumference of the Earth 24,881.392 and the answer is **2368**. What is **2368**? The number of the Name "**JESUS CHRIST**."

The Earth's elliptical orbit around the sun is given in Webster's new world dictionary is 595 million miles. If we were to lay that 595 million miles out in a straight line, and then determine the time it would take for light to traverse it's entire length, we would take the 595 million miles and divide it by the speed of light, 186,000 miles per second, divide the answer by 60 to get the minutes and then divide again by 60 to get the hours.

Let's look. Again, dropping all zero's 595 million divided by the speed of light 186 = 3198924.7 seconds

$$3198924.7 \text{ seconds divided by } 60 = 53315.4 \text{ minutes}$$

$$53315.4 \text{ minutes divided by } 60 = 888 \text{ hours}$$

888 is the numerical value of **Jesus**, who said: **I Am the light of the world:** John 8:12

If we were to add together the mean distances from the sun, to all nine planets of our solar system to form a gigantic circle, the total given in the encyclopedia Britannica would be 9,954 (dropping all zero's. If we divide this total by pi, which is 3.1416, and round off the answer to whole numbers, the answer is (dropping the fraction behind the decimal point) **3168** Again, **Lord Jesus Christ**.

One final look at our universe. Go to the internet and enter this link, and you will be taken to

I am deeply reminded of How God's Word tells us "*Because that which may be known of God is manifest in them; for God hath showed it unto them. For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, even his eternal power and Godhead; so that they are without excuse: Because that, when they knew God, they glorified him not as God, neither were thankful; but became vain in their imaginations, and their foolish heart was darkened*". Rom 1:19-21 Also Psalm 19:1 which states "The heavens declare the glory of God; and the firmament showeth his handywork."

Secret Worlds: The Universe Within

View the Milky Way at 10 million light years from the Earth. Then move through space towards the Earth in successive orders of magnitude until you reach a tall oak tree just outside the buildings of the National High Magnetic Field Laboratory in Tallahassee, Florida. After that, begin to move from the actual size of a leaf into a microscopic world that reveals leaf cell walls, the cell nucleus, chromatin, DNA and finally, into the subatomic universe of electrons and protons.

<http://micro.magnet.fsu.edu/primer/java/scienceopticsu/powersof10/>

Let us ALL rejoice and give thanks to our LORD and Saviour, JESUS CHRIST, the 3168 of the universe.
